**MEETING NOTES**

The September Meeting will be on the 10th 6:30 pm at Adventure Park, 10130 Gunn Ave.

Jim Steele, a scroll saw instructor at **Woodcraft, Stanton**, will demonstrate scroll saw uses, technique and safety.

**CLUB SHOW 'N TELL**

The Show and Tell portions of our monthly meetings are important to all of us. Members deserve a chance to exhibit their woodworking skills and you get a free ticket to the raffle.

**Hathaway Block Production**

**Joe Carrillo** has again requested members who are available to sand blocks at the Senior Center meet with other volunteers at 13225 Walnut Ave. The time is Wednesdays, 1:00 pm to 3:00 pm. The blocks need some sanding between painting.

He also is in desperate need of the approximately 1 lb coffee cans for the block painters. Please contact him.

This is the largest part of our toys for children project. We normally will give away over 11,000 building blocks. Yes I know its September; do you know it's only 3 months until we need to be finished???

**Third Annual Adventure Park Fiesta**

Third Annual Adventure Park Fiesta On Saturday August was well attended although total exposure at the WOW Outreach and sales booths was not as good as past fiestas. **Raul Guerrero** displayed several scroll saw projects and segmented turnings. **Don Hall** sold 8 trucks

to a collector. Now that is one way to pay your entry fee.

## **CRADLES and STROLLERS**

**Hunter Smith** has asked for a **BIG WOW** for the cradle and stroller project team starting with project leader **Tony Walker**. Tony has become one of clubs major players working on projects, block production and painting. The cradle team members are **Lindsey Fisher, Ray Jolley and Alan Schwartz**. Stroller team members are **Michael Barba, Harold Ehlers, Don Hall, Jim Lockwood and Ray Mitchem**.

## **Whittier High Auditorium Arm Rests**

**John Rodgers** was contacted by John Peel, to tell me that they have completed the chair arm project and thanking WOW for our time and discussions at our meeting. John said they incorporated some of our recommendations, especially the finishing schedule.

They combined and organized the project to one location and Don Jenkins tapped alumni associations for more help.
