Wood Toy & Block Coordinator	
Joe Carrillo	(562) 696-7446

SPECIAL THANKS

WOW Member Ted Taylor has devoted numerous hours developing the shop at Hathaway Ranch. He has built three disk sanding stations, the dust collection system for the sanders and table saw and completely rebuilt the 10" table saw. He also volunteers to cut, sand and paint blocks at Hathaway Ranch and Whittier Senior Center.

To **Ted** we extend our sincere thanks for a job well done. You are a **standout role model** for all of us.

MEETING NOTES

The May Meeting will be on the 11th 6:30 pm at Adventure Park, 10130 Gunn Avenue. The May meeting is still unsettled at this time. Apollo HVLP Sprayer Systems V. P. Bill Boxer had to cancel. At this time we are scrambling to find a replacement.

Should WOW furnish toy car and truck patterns to a local woodshop teacher so the students could make and include them in our toys? **This will be discussed and voted on by club members.**

Also submitted for discussion is the plan to restart the woodshop visitation activity. This would allow club members to visit shops of other members on a scheduled and volunteer basis. **This will be discussed and voted on by club members.**

Our Membership Chairman **Mike Scott** asked for a discussion on sponsoring a team memberships or an associate membership to include minor children of regular members. **This will be discussed and voted on by club members.**

There was some discussion of being working with Boy Scout Eagle Scout candidates for their Eagle Service projects. **John**

Rodgers expressed a personal interest and will ask local scout leadership for their input.

CLUB SHOW 'N TELL

Everyone is encouraged to bring a project for show and tell. It isn't bragging if it is fact. Be prepared to tell us the wood, finish and special techniques used in the construction

ANNOUNCEMENTS

Ron Holtz and **Harlan Jeché** are finalizing the plan to construct the shelves. Ron will ask some members to be on the build team. Be ready to go to work when Ron asks.

Steering Committee Actions

Following a review of the April meeting, **Joe Carrillo** felt that the toy block painting volunteers would paint the cradles as they were completed by the woodworkers.

Mike Scott asked if the club would furnish car and truck patterns to a local woodshop teacher. The toys constructed by the students would augment those made by the club. Some discussion followed and the matter was tabled for the regular May meeting for full membership decision.

Member **Ray Jolley** displayed his toy corral. They are a simple build, can be made to several sizes, are safe and easy to use by small and older children. The matter was tabled for more information from **Joe Carrillo**.

There was some discussion of working with Boy Scout Eagle Scout candidates for their Eagle Service projects. **John Rodgers** expressed a personal interest and will ask local scout leadership for their input.

Steering Committee

The Steering Committee meets on the Tuesday following our regular club meeting at the Whittier Senior Center, 13225 Walnut Street in the Whittier Civic Center. The next meeting is **May 16** at 7:00 pm and is over at 8:00 pm.

All members are encouraged to take part in the **planning** and **business decisions** of the club

June meeting date is June 8.

That is all, folks. See you at the next meeting.

Every one has a safety plan, the good news is YOU get to choose how good yours is

Yours truly,
John Rodgers

Thank you Harold and Julie.

Yard sale. A local toy makers widow is planning a yard sale. Items include materials for cars, trucks, trains and puzzles. Plans for scroll projects and others. Some wood in various sizes. The dates have not been set.
