Members Helping Members

One of the purposes and benefits of membership in WOW is Members Helping Members. **It is a feature that is not used as much as we could.** In an effort to be a woodworking Club, we need to help those with more questions than answers. We will offer time for members to ask questions on any function of woodworking. Members may offer suggestions or to help with your project, including shop time to show and do. Most woodworkers are happy to help any one wanting to be a better woodworker. Please speak up if you have any woodworking questions about a show and tell project or one of your own. Remember, you are not the only one with questions, just the only one to speak up. Just ask.

SHOW 'N TELL

Show and Tell is an important function of our meetings. It is an opportunity to learn new methods, new woods, new finishes and new projects.

Everyone is encouraged to bring a project for show and tell. It is an opportunity to share your expertise.

Block Painting

Joe is asking for 11-14 oz. tin or plastic coffee cans for the painting crew. Bring them to the July meeting.

Steering Committee

The Steering Committee meets on the Tuesday after the club regular meeting at the Whittier Senior Center at 13225 Walnut Ave. Starts at 7:00pm and is over at 8:00pm. The next meeting is Tuesday, July, 19th.

All members are invited to attend these meetings. The only requirement is paid membership.
