Members Helping Members

One of the purposes and benefits of membership in WOW is Members Helping Members. **It is a feature that is not used as much as we could.** In an effort to be a woodworking resource, the club is launching a two pronged plan.

1. If you have a woodworking question or a problem, contact **Don Prince** for time on the meeting agenda.
2. The club is going to start a program for older, more skilled members to mentor younger or less knowledgeable members.

Greg of Trend Manor talked about his role in the 65 year old furniture company started by his grandfather. Greg and his father manage and control the company, each with their own responsibilities.

The company sells to high end furniture stores throughout the states. The two local stores are the Design Center in La Habra and Stewart Roth Oak Connection in Fountain Valley.

Hard wood cut off blocks are available from the company. They are especially suitable for toy construction. The address is 17047 East Gale, Industry.

Kudos and words of thanks to **Ron Holtz** for being the point man at Hathaway Ranch during the go around with SFSFD and getting the new saw in place at a superb price. As they say in the USN, that's 4.0. Thank you **Ron** for your action and help to **WOW**.

Cub Day Camp

Woodworkers made 130 wood kits for the Rio Honda District Cub Camp. Cub Scouts assembled the kits with the supervision of their Den Chief Boy Scouts. The Den Chiefs and Cubs used a completed sample of each kit as instructive and planning aids.

WOW members **Rick Stifle, Don Hall, Ron Holtz, Charles Kresge, Ray Mitchem, Dave Reid, Hunter Smith, Bill Stroman, Alan Webster** constructed the kits and **John Rodgers** coordinated the effort and delivery to the Day Camp Committee.

Thanks to these Woodworkers for their skills and desire to do a Good Turn.

Block Painting

Joe Carillo says we need to provide **SIX** more members for block painting to provide for scheduling overlaps, **TWO** more for block sanding to provide for scheduling overlaps.

Joe is asking for 11-14 oz. tin or plastic coffee cans for the painting crew. Bring them to the September meeting.

Steering Committee

The Steering Committee meets on the Tuesday after the club regular meeting at the Whittier Senior Center at 13225 Walnut Ave. Starts at 7:00pm and is over at 8:00pm. The next meeting is Tuesday, 18th.

All members are invited to attend these meetings. The only requirement is paid membership.

The Steering Committee is looking at the possibility of obtaining a "not for profit social club" from the IRS. **Mike Scott** will contact the IRS and discuss his findings at the October 18th. Steering Committee meeting.
