**JOE CARRILLO**

detailed the duties for the Block Painting Project at the Civic Center Senior Center. The painting will start in April and run until October or November. **Tony Walker** has been helping and says mostly it is busy the whole time. Moving the blocks from the storage area to the painting room and back is the most strenuous, prepping the paint, getting gloves on some of the painters and cleaning up afterwards keeps one moving constantly.

**Whittier Area Parents Association for the Developmentally Handicapped** services over 200 individuals and their families. Their handicaps are as varied as the individuals. Some are able to live in their own homes and others require family or professional help.

These adults work in many fields of service and are proud to help others while being treated as working adults.

**Woodworkers Of Whittier (WOW) and Whittier Area Parents Association for the Developmentally Handicapped (WAPDH)** are both community service organizations who work together in a partnership to provide some of these adults with a way to feel needed and worthy by painting the building blocks for our Christmas Toys. They also help us on bagging day.

This work is vital to our Christmas toys program and WAPDH. We need three more workers to continue. The time is Wednesdays, 1:00 to 3:00 pm. This is an opportunity for club members to get involved with more than attending meetings and building cars.

**It seems the Woodworkers do not actually do much painting.**

### **SHOW 'N TELL**

**Show and Tell** is an important function of our meetings. It is an opportunity to learn new methods, new woods, new finishes and new projects.

Everyone is encouraged to bring a project for show and tell. It is an opportunity to share your expertise.

### **Hathaway Ranch**

**Joe Carrillo** has requested 4 more individuals to sand at Hathaway. They are needed to cover absenteeism on Mondays 9:00 am to noon. Coffee break and good conversation included and a brand new dust collection system. This is Monday mornings at Hathaway Ranch.

**Joe** is asking for 11-14 oz. tin or plastic coffee cans for the painting crew. Bring them to the April meeting

### **Jim Sparling**

is asking for help in locating any construction in the area. Hathaway Ranch block production is low on wood. Stay alert for home or commercial construction or remodeling. Remember the location and contact **Jim** at 562)943-3013. That's all there is to it. **Jim** and **Ron** will take it from there.

## **Rick Stifle**

is asking for volunteers to cut pieces for 37 cradles. We need two in August and the remaining 35 in December.

### **Steering Committee**
